

CONTROLLED SUBSTANCE PRESCRIPTION MONITORING PROGRAM (CSPMP)- DELEGATES

Arizona Prescribers and Dispensers,

On March 24, 2014, Governor Brewer signed Senate Bill 1124, an Act amending Sections 36-2604 and 36-2608, Arizona Revised Statutes, relating to the Controlled Substances Prescription Monitoring Program. The law became effective on July 24, 2014. The Bill made changes to A.R.S. 36-2604 that affect Arizona Prescribers and Dispensers. Subsection C of A.R.S. 36-2604 is changed to allow “a delegate who is authorized by the prescriber or dispenser.” A.R.S. 36-2604 is further changed by adding Subsection E that defines “Delegate.” A delegate “means a licensed health care professional who is employed in the office of or in a hospital with the prescriber or dispenser or an unlicensed medical records technician, medical assistant or office manager who is employed in the office of or in a hospital with the prescriber and who has received training regarding both the Health Insurance Portability and Accountability Act privacy standards, 45 Code of Federal Regulations Part 164, subpart E, and security standards, 45 Code of Federal Regulations Part 164, subpart C.”

The process for delegates to request access to the database will be similar to the process for prescribers and dispensers (pharmacists). The delegate will go to www.azrxreporting.com, click Register, and then pick a Job Type, either Prescriber Licensed Delegate, Prescriber Unlicensed Delegate, or Pharmacist Licensed Delegate. The delegate will complete and submit the New Delegate Registration form online. Prescriber Delegates will pick a Supervisor using the Prescriber’s DEA number and Pharmacist Delegates will pick a Supervisor using the Pharmacist’s State License number. Delegates will be able to pick multiple supervisors. After a delegate submits the New Delegate Registration, the request will have to be approved by at least one supervisor before the delegate will get access to the database. A Supervisor must have a current access user account. A Supervisor will login to the Database and go to My Account to approve or revoke Delegates. When a Delegate makes a patient request for data, the Delegate will have to pick a Supervisor under whose DEA or State License the request will be made. Supervisors will be able to see all requests made by their approved delegates.

If you have questions about the changes, contact Dean Wright, PMP Director at 602-771-2744 or email at dwright@azpharmacy.gov or Cindi Hunter, PMP Program Manager at 602-771-2732 or email at chunter@azpharmacy.gov.

Thank you,

Dean Wright
Prescription Monitoring Program Director
