

# Report Card FAQs

---

## How do I look at my prescriptions?

You can verify the prescriptions that were filled under your DEA number:

1. Login to the PMP at <https://arizona.pmpaware.net>
2. Click on 'RxSearch'
3. Then click on 'MyRx'
4. Choose the date range. Click on 'Search'

If you do not have access yet, you can use <https://pharmacympmz.gov> for more information about registration and accessing the data.

## These numbers on the report card aren't correct. What can I do?

Double check that you are reading the report correctly and that you are indicated as blue and your peers are red. Verify the information by pulling your own report. If something is incorrect within the report, please contact the pharmacy listed and verify if the pharmacy made a mistake or if it is a fraudulent prescription. If the pharmacy submitted incorrect information then the pharmacy needs to correct the information and resubmit the data.

## The mailing address on my report card is wrong, how do I fix it?

We get our physical address information from the address linked to your DEA number, if you would like your address changed, contact the DEA, <http://www.deadiversion.usdoj.gov>.

## How can I change my specialty?

Fill out the following form: <https://pharmacympmz.gov/report-card-specialty-change>

## How do I see which patients went to more than 5 doctors/pharmacies?

Unfortunately, we don't currently have a way to send patient names for the 5+ docs, 5+ pharmacies, however, monthly, the Board of Pharmacy does send out letters with lists of patients who went to 4+ prescribers AND 4+ pharmacies to all those patients' prescribers. You can also do a practitioner self-lookup to get a list of your patients and then run a search on individual patients at <https://arizona.pmpaware.net>.

If you would like to provide feedback, please fill-out the following web form:

<https://pharmacympmz.gov/report-card-feedback>
